ABOUT THE CONFERENCE

The Innovation & IP 360 International Conference on IPR and Emerging Frontiers is a global platform designed to bring together policymakers, researchers, academicians, industry leaders, and innovators to discuss the evolving landscape of intellectual property rights (IPR). The conference will explore current trends, disruptive technologies, and strategies that drive innovation and sustainable economic growth.

CONFERENCE OBJECTIVES

Explore emerging trends and challenges in intellectual property rights globally.

- Deliberate on the role of AI, blockchain, and emerging technologies in IP protection and enforcement.
- Foster collaborations between academia, industry, policymakers, and international IP organizations.
- Highlight strategies for commercialization, licensing, and monetization of innovations.
- Promote awareness of sustainability, inclusivity, and future-ready IP ecosystems.

CONFERENCE THEMES & DAY-WISE AGENDA

DAY 1: THE EVOLVING LANDSCAPE OF IPR

Theme: Reimagining Intellectual Property in a Borderless Innovation Era

- International IP frameworks and emerging policies
- Digital rights management, NFTs, and metaverse IP challenges
- Cross-border patent enforcement and harmonization
- Global keynote on IP as a driver of the innovation economy

DAY 2: TECHNOLOGY, AI, AND INNOVATION IN IPR

Theme: Shaping the Future of IP with AI, Data, and Emerging Technologies

- AI and the patentability of machine-generated inventions
- IP in biotechnology, synthetic biology, and healthcare innovations
- Blockchain applications in IP enforcement and licensing
- Startup showcase and live demos

DAY 3: COMMERCIALIZATION, STRATEGY & FUTURE READINESS

Theme: From IP Protection to IP Commercialization

- IP valuation, monetization, and licensing strategies
- University-industry technology transfer and global collaborations
- Sustainability, inclusivity, and green technology IP
- Policy roundtable and conference declaration

CALL FOR PAPERS, POSTERS, AND STARTUP SHOWCASE

The conference invites original research papers, case studies, and innovative project submissions in all areas of IPR and innovation. Selected papers will be published in Scopus-indexed proceedings. Poster presentations and startup showcases will highlight cutting-edge solutions.

TARGET AUDIENCE

- Academicians and researchers in IPR, law, science, and technology
- Industry professionals, R&D experts, and innovators
- Startups, entrepreneurs, and technology transfer professionals
- Government officials, policymakers, and funding agencies
- Students and young researchers
